Education Through Music-Los Angeles is an independent 501(c)3 non-profit organization whose mission is to provide music instruction as *part of the core curriculum* in disadvantaged schools in order to enhance students' academic performance and creative and general development. Founded in 2006, ETM-LA serves approximately 12,000 Los Angeles schoolchildren and is based on the ETM® model with over 25 years of success in NYC. We believe every child deserves a well-rounded education, one that *includes music* and the arts.
