OUR MISSION

Education Through Music-Los Angeles (ETM-LA) partners with inner-city schools to provide music as a core subject for all children, and utilizes music education as a catalyst to improve academic achievement, motivation for school and self-confidence.

We began serving 800 children in 2006 and have grown to serve over 12,000 students with programs that include year long music instruction in violin, guitar, recorder, cello, chorus, band, ukulele, and general music.

Become a sponsor of the 12th Annual Benefit Gala and help us ensure that every child in Los Angeles has access to a complete, comprehensive, standards-based music education.

All gala proceeds will support our expansion to 30 schools (14,000 students) this 2017-18 year!
